

Accreditation Solutions

ADR Consultancy provides a range of Service Improvement Solutions including Compliance and Accreditation to give your organisation the assurance it needs.

Our Services can be tailored to your organisation's specific requirements to provide the most efficient, quality and cost effective solution

Some of the services we are able to assist with include:

- **Service Improvement**
- **CQC Compliance**
- **ISO Compliance**
- **Educational Accreditations**
- **Becoming an Awarding Body**
- **Programme Assurance**
- **Bespoke accreditations**

Operating exclusively in Health and Social Care **ADR Consultancy** is uniquely placed to support your organisations pursuit of excellence improving standards, performance management, processes and governance.

Our consultants have the knowledge and skills to help your organisation gain the assurance it needs through standards, performance management, compliance or accreditation.

Using our experiences of working with Trusts, Health Communities and Local Authorities, we can help ensure that your compliance or accreditation programme is achievable through an effective management service using a practical yet proven approach to meet the organisational demands and "real world" pace of change.

Our Services can be tailored to your requirements, from establishing a specific area of work, independently or alongside your existing team, through to providing an entire end-to-end managed solution.
